

RankPro 2017/2018
TOP World leading universities

Academic rankings
Region: Europe
TOP 200

Academic ranking is calculated using an algorithm, which takes into account the most important factors of the university academic field. The following basic indicators are used:

- Academic staff (teachers and researchers including foreigners) and students in the university community - 32%;
- Diversity of education programs for students of different academic degree levels. A relation of number of postgraduate students to the total number of students - 32%;
- A relation of number of foreign students to the total number of students including student exchange and their global representation - 20%;
- A relation of number of doctoral students to the total number of students - 10%;
- Composition of the academic staff (professors, teachers, assistants, researchers) and the share of professors - 3%
- A relation of number of professors to the total number of students - 3%.

The parameters for each indicator and their average values are determined as a result of a survey conducted among members of the International Council of Scientists ICS.

Calculations take into account importance (weight) of each parameter (average values) that in turn are being assessed by a 10 point scale.

World classification:

- a+** – universities with the value of the academic ranking of at least 60 % of the maximum;
- a** – universities with the value of the academic ranking of at least 45 % of the maximum;
- a-** – universities with the value of the academic ranking of at least 35 % of the maximum;
- b+** – universities with the value of the academic ranking of at least 30 % of the maximum;
- b** – universities with the value of the academic ranking of at least 20 % of the maximum;
- b-** – universities with the value of the academic ranking of less than 20 % of the maximum;

For classification all academic rankings were normalized. 100 % - corresponds to the maximum value of academic ranking.

Europe rank	University	Country	Academic index	World Class	Share in RankPro
1	EPFL Swiss Federal Institute of Technology Lausanne	Switzerland	63.887	a+	50.000
2	ETH Zürich-Swiss Federal Institute of Technology Zurich	Switzerland	56.580	a+	44.282
